About CAHME
Since 1968, the Commission on Accreditation of Healthcare Management Education (CAHME) has served the public interest by advancing the quality of healthcare management education globally. CAHME works with more than 100 leading academic programs and numerous healthcare practitioners to ensure that graduates entering the healthcare field have undergone an educational process meeting rigorous, measurable standards for effectiveness. The result is a formal academic education focusing on key competencies, plus practical experiences. This enables new graduates to quickly add value to an organization and grow into future leaders. CAHME is the only organization recognized by the Council on Higher Education Accreditation to grant accreditation to individual academic programs offering a professional master’s degree in healthcare management education.
