

## Instructions on Generating Exhibits from CAHME Annual Report Editor (CARE)

1. Log into the [CARE](#) portal.
2. Select the 'Select a Service' dropdown.

3. Select 'Pilot Programs CAMP: Generate Image and Download'.

4. From here, you can:
  - Option 1: Generate all exhibits (images) at once for all criterion
  - Option 2: Generate all exhibits (images) per criterion
  - Option 3: Generate each exhibit (image) individually

### Option 1: Generate all exhibits (images) at once for all criterion

1. Enter the self-study year for your program and then select the 'Generate All Images Now' button

The screenshot shows the CAHME CARE interface. At the top is the CAHME logo. Below it is a blue header with the word 'CARE'. A message reads: 'Enter your custom Self-Study date for all Figures, then click the navy button to Bulk Generate and download all Images'. Below this is a text input field labeled 'Self Study Year for all Images' containing '2025-2026', with a red arrow pointing to it. Underneath is the heading 'Option 1: Generate all images at once'. At the bottom right is a dark blue button labeled 'Generate All Images Now (All at once)' with a red arrow pointing to it.

2. The exhibits will then be downloaded to your computer. You can then “drag and drop” the image on the appropriate criterion within CAMP.

### Option 2: Generate all exhibits (images) per criterion

1. Enter the self-study year at the top of the page

This screenshot is identical to the one above, showing the CAHME CARE interface with the 'Self Study Year for all Images' input field set to '2025-2026' and a red arrow pointing to it.

2. Expand the Criterion for which you wish to generate the exhibits. Select the 'Generate Images in this Criterion' button.

### Option 2: Generate individual images

Select any Standard button below to view figure details, so you may explore each one before clicking each independent navy button

The screenshot shows the CAHME interface for generating individual images. At the top, it says 'Criterion 1.4: (Exhibits 1.4.1, 1.4.2, 1.4.3, 1.4.4)'. To the right is a dark blue button labeled 'Generate Images In This Criterion' with a red arrow pointing to it. Below this are four buttons for individual exhibits: 'Exhibit 1.4.1: Recruitment Activity Outcomes', 'Exhibit 1.4.2: Characteristics of Admitted Students', 'Exhibit 1.4.3: Distribution of Enrolled Students', and 'Exhibit 1.4.4: Retention Rate'.

Commission on Accreditation  
of Healthcare Management Education

3. The exhibits will then be downloaded to your computer. You can then “drag and drop” the image on the appropriate criterion within CAMP.

### Option 3: Generate each exhibit (image) individually

1. Expand the criterion for which you wish to generate the exhibit.
2. Expand the exhibit.
3. Enter the Self-Study year and click the Download Image button

**Exhibit 1.4.1: Recruitment Activity Outcomes**

**Degree Program: AaronTest University**

**Self Study Year:** 2025-2026

	Academic Year Start 09-03-2021 End 05-17-2022	Academic Year Start 09-05-2022 End	Academic Year Start 09-04-2023 End 05-17-2024	Academic Year Start 02-06-2026 End 02-04-2026
Complete applications received	3	2	10	2
Applicants offered admission	1	2	4	2
Total applicants enrolled (aka new students enrolled)	3	25	6	2
